

PRIVATE BANKING

R-GESTION

Discretionary management

R-Gestion is aimed at investors who wish to take advantage of the skills of our investment specialists in **discretionary fund management**. By delegating us, you also benefit from a privileged contact with a dedicated investment adviser, who will keep you informed of the evolution of your assets. Your assets are managed in accordance with your risk profile and the discretionary management strategy. In addition, you will receive on a quarterly basis our publication "**Investors' Outlook**", a portfolio overview with a wide range of performance indicators, and a tax report on an annual basis. You also have access to our "**Investors Hotline**" and numerous preferential rates.

The **Sustainable Directive** is intended for investors with a medium or long-term investment objective who wish to invest in funds with a positive ecological or social impact.

Entry threshold: EUR 125,000
